# Joseph E. Serghany, M.D.

---

**Medical Director**  
**Western New York Imaging Group**

**Assistant Clinical Professor**  
**State University of New York at Buffalo (SUNY)**

Dr. Serghany is currently serving as Medical Director for the Western New York Imaging Group. He received his medical degree from the American University of Beirut in 1988 and participated in post graduate medical training at the American University of Beirut Medical Center and the State University of New York at Buffalo.

Dr. Serghany's expertise is in diagnostic radiology and he has extensive research and academic experience. He has lectured medical students at the State University of New York at Buffalo on topics including Biophysics and Radiologic Evaluation of Chest Trauma. He has submitted Case Reports to the Armed Forces Institute of Pathology and participated on research projects whose topics include region of interest (ROI) Fluoroscopy, ROI Imaging Techniques, and a study on the Validity of a Decision Tree for Predicting Active Pulmonary Tuberculosis.

Dr. Serghany is certified with the American Board of Radiology and is a partner with the Eastern Niagara Radiology & Nuclear Medicine Associates.
